SMART 350 D is a single-phase industrial vacuum cleaner to 3 motors, the ideal model to be entrusted with any kind of general cleaning of the company. Its maneuverability, combined with compactness, allows easy movement even in the most confined spaces facilitating routine cleaning of the machine or the industrial environments. Due to its effectiveness the time required for cleaning are reduced, benefiting in terms of time and costs.

The model SMART 35 T D is the most compact turbine vacuum of **coymco** production and at the same time the most powerful model in its class, thanks to the power and size of a higher installed side channel turbine, suitable for continuous service. Ideal vacuum to be entrusted with any kind of general cleaning of their company. Its maneuverability, combined with compactness, allows an easy movement even in the most confined spaces facilitating the routine cleaning of the machine or the industrial environments.
