CARRY & WILLCARRY

The human side of cleaning

CARRY & WILLCARRY

Easily transport everything you need

Hygiene in hotels, hospitals, retirement homes and schools is a topic of great interest to public opinion as the risk of infections is particularly high.

This is why they require professional and safe cleaning solutions.

We have developed the service trolley CARRY a complete cleaning kit that guarantees high performance and efficiency during your activities. Thanks to the perfect integration with WILLCARRY, you have your Willmop vertical scrubber always available to ensure a professional cleaning in all environments.

The LIGHT version is even more compact to facilitate access to the smallest spaces which can be cleaned with the Willmop 35.

HOW IT WORKS

Push - Handle

The anodized aluminum handles ensure a precise grip that is pleasant to touch.

Additional Accessories

To house complementary accessories such as the mop and warning sign.

Silent wheels with bumpers

Non-marking wheels provide incredible handling, even with heavy loads or on carpeting.

Capacity

Equipped with doors that can be opened to 270° and with a key lock to guarantee maximum safety and hygiene.

APPLICATIONS

HEALTHCARE

HOTEL

GOVERNMENT

INDUSTRIAL

CHASSIS MATERIAL
POLYPROPYLENE

MATERIAL BASE
WILLMOP
STEEL

Extra Willpower on board

Space dedicated to housing the charger and two extra batteries, guaranteeing extended working time.

Base for Willmop

The stand allows the Willmop to be carried to various locations.

Now it's Willmop's time!

With a simple "click" you can attach WILLCARRY to the trolley so you can easily transport your Willmop vertical scrubber to the place to be cleaned.

When you finish your tasks, simply reposition the Willmop on the base of the trolley and you are ready to head to your next challenge.

Plenty of storage

With the practical strap you quickly secure your Willmop on WILLCARRY and, just as easily, can store up to two additional batteries in their dedicated slots.

You now have all the working autonomy you need to complete your tasks, without having to stop to recharge the battery.

There is also an additional compartment dedicated to the battery charger, to be used at the end of the work shift.

Nice and Tidy

Save time with a highly professional presentation.

With CARRY all cleaning tools are at hand, but at the same time they remain protected and well preserved inside each container and shelf.

The drawers, shelves and bags can be organized and moved at any time to meet your personal requirements.

DISCOVER THE OTHER MODELS OF THE TOOLS LINE

WILLSTEP

By adding the WILLSTEP you will be able to transfer to various operating environments much easier, without stairs being a problem.

WILLGO

Allows the easy transport of your WILLMOP with the cleaning accessories you need kept close at hand.
